The Honorable Barry I. Bass, Village President
Members of the Board of Trustees and
Citizens of the Village of Lincolnwood
Village of Lincolnwood, Illinois

The Comprehensive Annual Financial Report (CAFR) of the Village of Lincolnwood, Illinois for the fiscal year ended April 30, 2019 is hereby respectfully submitted. The report consists of management's representations concerning the finances of the Village of Lincolnwood. Local ordinance and State Statute require the Village to issue an annual report on its financial condition and that the financial statements are audited by an independent firm of licensed certified public accountants. This CAFR complies with these requirements. The certified public accounting firm of Lauterbach & Amen, LLP was retained as auditors for fiscal year 2019. They have concluded that there was a reasonable basis for rendering an unmodified opinion that the Village's financial statements for the fiscal year ended April 30, 2019 are fairly presented in conformity with generally accepted accounting principles (GAAP). Their report is presented as the first component of the financial section of this report.

Responsibility for both the accuracy of the data and the completeness and fairness of the presentation, including all disclosures, rests with the Village. All disclosures to enable the reader to gain an understanding of the Village's financial statements have been included. To provide a reasonable basis for making these representations, management of the Village has established a comprehensive internal control framework that is designed to protect the assets of the government from loss, theft or misuse and to compile sufficient reliable information for the preparation of the Village's financial statements in conformity with GAAP. The cost of internal controls should not outweigh their benefits. Therefore, internal controls have been designed to provide reasonable rather than absolute assurance that the financial statements shall be free from material misstatement.

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This transmittal letter is designed to complement the information presented here in conjunction with the additional information that is furnished in the MD&A. The Village's MD&A is located following the independent auditor's report.

VILLAGE OF LINCOLNWOOD PROFILE

The Village of Lincolnwood is a home-rule community as defined by the Illinois State Constitution of 1970 and was incorporated in 1911 as Village of Tessville, Illinois. In 1936, Tessville formally became the Village of Lincolnwood. Lincolnwood is a mature community that is home to approximately 12,600 culturally diverse citizens and located 10 miles northwest of downtown Chicago. The Village provides a complete variety of governmental services. Services include police and fire protection, repairs and maintenance of streets and infrastructure, garbage, yard-waste, and recycling services, property inspections and issuing of permits services, recreational and social services, water and sewer services, and other governmental services. The Village is financially responsible for the Lincolnwood Parks & Recreation Department and therefore has been included as an integral part of the basic financial statements of the Village. The Village operates a municipal water system that provides a reliable source of potable water purchased from the City of Chicago. The Lincolnwood School District # 74 and the Lincolnwood Library are independent legal entities, are not financially dependent on the Village, and are not included in this financial report.

TREE CITY USA

VILLAGE OFFICES • 6900 N. LINCOLN AVENUE • LINCOLNWOOD, ILLINOIS 60712 • 847-673-1540 • FAX: 847-673-9382
WWW.LINCOLNWOODIL.ORG

The Village operates under a Council/Manager form of government with the Village President and the Trustees elected at large serving staggering four-year terms. The Village Clerk is also elected. The Village Treasurer, the Village Manager and the Village Attorney are appointed by the Village Board of Trustees. The Village employs approximately 87 full time, 10 regular part-time, and 250 seasonal summer employees in the parks & recreation and public works departments. The Village's police officers are members of the Illinois Fraternal Order of Police (FOP) Labor Council/Lincolnwood Lodge #23 whose collective bargaining agreement expires April 30, 2020. The public works department employees of the Village are members of the Local #700 – Affiliated with the International Brotherhood of Teamsters whose collective bargaining agreement expires April 30, 2021. All other employees of the Village are not represented by any collective bargaining organization. Since 1990 the Village has contracted with Paramedic Services of Illinois (PSI) which provides fire protection and emergency medical services. The current six year contract with PSI will expire on May 1, 2022.

The Village staff prepares an annual operating budget by fund and department and presents the document to the Village Board for adoption. The budget serves as the foundation for the Village's financial planning and provides the operating tool that directs staffs' use of the Village's resources. The Village also adopts an annual appropriations ordinance as mandated by the Illinois Revised Statutes that provides the legal authority and limits for expenditures. Management may exceed budgeted amounts without formal approval of the Board of Trustees provided the amount expended for a budgeted purpose does not exceed the legally adopted appropriation for budgeted item. Budget-to-actual comparisons are presented in the CAFR.

RELEVANT FINANCIAL POLICES

There were no material changes to financial policies during the fiscal year ended April 30, 2019. During the review of the long range financial plan it was discussed that the Village Board would consider available alternate funding for capital improvement projects such as low interest state loans and increasing fund balance reserves to provide resources for capital projects.

SIGNIFICANT ACCOMPLISHMENTS

The Village staff, at the direction of the Village Board, has been involved in the planning and implementation of a number of major projects throughout last year and some will continue into next fiscal year. These projects reflect the Village's commitment to its citizens to ensure they are able to live and work in a desirable community environment. The most significant of these projects follow:

The Village completed construction of the overpass for the bike path on the Valley Line Trail Bike path.

The Village completed construction of the final phase of the Public Works yard expansion project.

The Village replaced the playground equipment at Proesel Park as a continuing program to systematically update the various parks in the Village.

The Village terminated a tax increment financing district (TIF) and created a new TIF district with the cooperation of the various taxing districts in the Village to accommodate the proposed District 1860 development which received preliminary planned unit development (PUD) approval by the Village.

Approved revenue sharing agreements with various auto dealerships in the Village that will allow for the expansion and revitalization of the existing dealerships.

FACTORS AFFECTING FINANCIAL CONDITION

The information as presented in the financial statements is perhaps best understood when it is considered from the broader perspective of the specific environment from within which the Village operates.

Local Economy. The Village is influenced by a number of economic factors that direct its economy. The Village is recovering from the recent economic downturn at a slow pace that is also reflected in the State and Country economies. There are a number of economic factors that influence the economy of a specific community and various measures are used to gauge the economic outlook. Probably the four most notable and objective measurements are the level of retail sales, the employment level of the community, income levels in the community and the building activity. In Illinois, sales taxes are allocated based on the point-of-sale, which represents the sales in the community. Local sales tax receipts experienced an increase this year as auto sales helped to fuel the increase. The Village's portion of general sales tax receipts is based on a 1% tax rate. The State and County take the balance of 8% of the applicable sales tax rate. The sales tax receipts represent total retail sales of approximately \$474,810,000 for fiscal year 2019.

Lincolnwood's average unemployment rate has been consistently lower than the State average. Lincolnwood's median family income of \$79,142 as of the 2010 Census is approximately 20% higher than the median income for the State of Illinois. The Village's 2018 equalized assessed valuation (EAV) experienced a minimal increase from 2017.

Building activity growth could increase in future years due to the development of property in one of the Village's Tax Increment Financing (TIF) districts. The Village actively encourages economic development and the TIF redevelopment districts have served as catalysts for continued retail growth.

Long-Term Financial Planning. On a biennial basis the Village Board completes a strategic plan which is included in the annual budget and helps guide the development of this document. The Village is also in the process of reviewing long-range issues and the funding alternatives for major improvements to infrastructure and equipment replacement. The goal of the planning process is to put the Village on firm ground to provide for the planned major upgrades and the continued viability of the infrastructure network.

A tool in managing the long-range planning process of the Village is the Five-Year Capital Improvement Program. This plan outlines the major project improvements and capital expenditures of the Village over the next five years. Over the next five years (2020-2024), it is anticipated that the Village could expend approximately \$61,000,000 in water and sewer, flood control, street, public building, parks and recreation, equipment and other capital improvement projects. In adherence with Village financial policies, staff is constantly seeking public and private grants and other outside sources of revenues to fund these projects. Grants received during the fiscal year ended April 30, 2019 help fund park improvements.

Cash Management Policies and Practices. The Village's investment policy seeks to minimize credit and market risks to assure safety of principal while maintaining liquidity at a competitive yield. Investments are transacted under the "prudent person" standard with a safety, liquidity, yield, and legal priority covenant. At April 30, 2019 virtually all of the Village's deposits were insured or collateralized.

Cash which was temporarily idle during the year was invested as permitted by State statute. Short-term cash is placed in the State of Illinois investment pool (Illinois Funds). Cash invested for up to one year is invested in the Illinois Metropolitan Investment Fund (IMET) or at community banks in a secured certificate of deposit (CD). Village management continues to give priority to local financial institutions whenever possible when placing funds for investment. When placing available funds in CDs the rates are checked to assess which institution is giving the best rate of return at that time. We have seen the rates remain at the same low levels as experienced in the prior year. It is the Village's position that if banks in the community are competitive then investing locally will benefit all citizens and businesses.

Risk Management. The Village is a member of the Intergovernmental Risk Management Agency (IRMA) for virtually 100% of its property/casualty insurance needs. IRMA is an organization of local municipalities that administers a product of self-insurance and commercial insurance coverage. IRMA also provides property/casualty

and workers' compensation claim/litigation management services, unemployment claim administration, risk management/loss control consulting and training programs, and a risk information system and financial reporting service for its members.

In addition, various control techniques including safety training for certain high-risk personnel (police, fire and public works) and other Village employees are in place to minimize accident related losses.

The Village is a member of a group of eleven municipalities that self-insures the medical and dental benefits for all eligible employees. The Village contributes 85% and the employee contributes 15% of the premium to fund the program. Premiums costs have been stable over the last few years. The Village continuously reviews various programs to control these premiums.

Pension and Other Post-employment Benefits. The Village sponsors a single employer defined benefit pension plan for the police officers. The Lincolnwood Police Pension Fund is reviewed each year by the Illinois Department of Insurance and an independent actuary engaged by the Village. The Department of Insurance recommends the annual contribution that the Village must make to the pension plan to ensure that the plan will be able to fully meet its obligations to retired pensioners on a timely basis. As a matter of financial policy, the Village fully funds each year's annual required contribution to the plan as determined by the Fund's actuary. The unfunded liability is being systematically funded as part of the required annual contribution as calculated by the Fund's actuary. The Village's actuary has determined that, at April 30, 2019, the Lincolnwood Pension Fund has an actuarial accrued liability in excess of assets of \$27,715,738 and the funded ratio is 44.34%.

The Village also provides pension benefits for the non-public safety employees through the statewide plan managed by the Illinois Municipal Retirement Fund (IMRF). Benefit provisions and funding requirements are established by the Illinois State Statutes. Participating (employees) members are required to contribute 4.5% of their annual salary and the Village is required to contribute the remaining amounts necessary to fund the future pensions. The Village's contribution rate for the calendar year 2018 (fiscal year 2019) was 10.51% of the annual salary. The Village has no obligation in connection with employee benefits offered through this plan beyond its contractual payments to IMRF.

Additional information on the Village's pension arrangements can be reviewed in Note 4 in the financial statements. The Fund's actuary has determined as of December 31, 2018 which is the latest available date, the Village has an actuarial accrued liability in excess of assets of \$2,398,342 and the funded ratio is 90.44%.

Further postemployment benefits are offered to retirees to remain in the Village's medical and dental insurance plan at the current group rates. At year end nine retirees participated in this plan. Participants pay the entire cost of the premium except employees hired prior to December 31, 2014 who have been employed by the Village for a minimum of 30 years are provided with a Village health insurance subsidy for a period of three years. The Village adopted GASB Statement No. 75 (Accounting and Financial Reporting for Post-Employment Benefits Other Than Pensions) for the fiscal year ended April 30, 2019. The Village had an actuarial valuation for the Village of their postretirement health plan in accordance with GASB No. 75 and the related OPEB liability of \$1,638,328 is recorded in the Statement of Net Position for the year ended April 30, 2019. The Statement of Net Position for the Fiscal year April 30, 2018 was restated to reflect the implementation of GASB 75.

Additional information on the Village's pension and OPEB arrangements can be found in Note 4 in the financial statements.

LOCAL INITIATIVES

The Mayor, the Trustees and the staff realize that public service is our mission. To this end the Village has undertaken the following initiatives.

Human Services. The Village provides services that directly affect the personal well-being of our citizens. Under the auspices of human services the Village reaches out to those in need of beneficial intervention. A trained counseling professional provides a resource for all residents in need of family or individual counseling. Seniors receive support services such as blood pressure screening, change batteries in the smoke detectors, ambulance service to residents, a high speed emergency telephone notification system, and a refund of utility taxes to eligible citizens in financial need.

The Police Department through a contracted emergency communication center provides to all citizens a high speed emergency notification system. In case of an all-out emergency or catastrophe all citizens will be notified by telephone.

The Parks & Recreation Department facilitates the participation of children, teens, and adults with physical, mental, and emotional disabilities and their families through community recreation agencies. Without these agencies and programs many recreational opportunities would not be available to improve the quality of life for people with disabilities.

These services are provided by the Village free of charge or at a nominal fee to our citizens.

Awards

The Government Finance Officers Association (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Village of Lincolnwood for its comprehensive annual financial report for the fiscal year ended April 30, 2018. In order to receive this prestigious award, the Village published an easily readable and efficiently organized comprehensive annual financial report. This report satisfied both generally accepted accounting principles and applicable legal requirements.

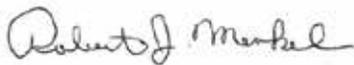

A Certificate of Achievement is valid for a period of one year. We believe that the current comprehensive annual financial report continues to meet the Program's requirements, and we will submit the current report to the GFOA for review to determine the eligibility for a continuing certificate.

ACKNOWLEDGEMENTS

The preparation of the comprehensive annual financial report could not have been accomplished without the efficient and dedicated services of the staff of the Finance Department. I would like to express special appreciation to Ben Harris, Accountant, who contributed greatly to its preparation.

I would like to also acknowledge the Mayor, the Board of Trustees, and the Village Manager for their leadership and support in planning and conducting the financial affairs of the Village in a responsible and progressive manner.

Respectfully submitted,

Robert J. Merkel

INDEPENDENT AUDITORS' REPORT

This section includes the opinion of the Village's independent auditing firm.

INDEPENDENT AUDITORS' REPORT

October 3, 2019

The Honorable Village President
Members of the Board of Trustees
Village of Lincolnwood, Illinois

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Village of Lincolnwood, Illinois, as of and for the year ended April 30, 2019, and the related notes to the financial statements, which collectively comprise the Village's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Village's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Village's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Village of Lincolnwood, Illinois, as of April 30, 2019, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis as listed in the table of contents and budgetary information reported in the required supplementary information as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Village of Lincolnwood, Illinois' basic financial statements. The introductory section, combining and individual fund financial statements and budgetary comparison schedules, supplemental schedules, and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual fund financial statements and budgetary comparison schedules and supplemental schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund financial statements and budgetary comparison schedules and supplemental schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

LAUTERBACH & AMEN, LLP

MANAGEMENT'S DISCUSSION AND ANALYSIS

VILLAGE OF LINCOLNWOOD, ILLINOIS

MANAGEMENT'S DISCUSSION AND ANALYSIS

April 30, 2019

The Village of Lincolnwood (the Village) Management Discussion and Analysis (MD&A) is designed to (1) assist the reader in focusing on significant financial issues, (2) provide an overview of the Village's financial activity, (3) identify changes in the Village's financial position (its ability to address the next and subsequent year challenges), (4) identify any material deviations from the financial plan (the approved budget), and (5) identify individual fund issues or concerns.

Since the MD&A is designed to focus on the current year's activities, resulting changes and currently known facts, please read it in conjunction with the Village's financial statements.

Financial Highlights

- The assets/deferred outflows of the Village exceeded its liabilities/deferred inflows at the close of the most recent fiscal year by \$39,481,882 (*net position*).
- The Village's total net position increased by \$2,795,120. This reflects the excess of current revenues over current expenses offset by the systematic and planned consumption of the Village's capital assets that is quantified as depreciation expense. Total depreciation expense for the year was \$2,772,755.
- As of the close of the current fiscal year, the Village's governmental funds reported combined fund balances of \$16,950,813, a decrease of \$42,059 in comparison with the prior year. Of this amount, \$11,017,540 is available for spending at the Village's discretion (unassigned fund balance).
- At the end of the current fiscal year, the unassigned fund balance of the General Fund was \$11,017,540, or 51.9%, of total General Fund expenditures during the current year.
- The Village's total debt increased by \$3,207,429 (9.8%) during the current fiscal year. This was mainly due to the increase of \$3,969,703 in the net pension liabilities.

USING THE FINANCIAL SECTION OF THE COMPREHENSIVE ANNUAL REPORT

The principal focus of local government financial statements in the past has been by fund type data. This method of presentation has been modified to present two differing views of the Village's financial statements. The new financial statements' focus is on both the Village as a whole (government-wide) and on the major individual funds. Both perspectives (government-wide and major fund) allow the user to address relevant questions, broaden a basis for comparison (year-to-year or government-to-government) and enhance the Village's accountability.

VILLAGE OF LINCOLNWOOD, ILLINOIS MANAGEMENT'S DISCUSSION AND ANALYSIS (CONT.)

Government-Wide Financial Statements

The government-wide financial statements (see pages 21-24) are designed to emulate the corporate sector in that all governmental and business-type activities are consolidated into columns which add to a total for the Primary Government. The focus of the Statement of Net Position (see pages 21-22) is designed to be similar to bottom line results for the Village and its governmental and business-type activities. This statement combines and consolidates the governmental funds' current financial resources (short-term spendable resources) with capital assets and long-term obligations using the accrual basis of accounting and economic resources measurement focus.

The Statement of Activities (see pages 23-24) is focused on both the gross and net cost of various activities (including governmental and business-type), which are supported by the government's general taxes and other resources. This is intended to summarize and simplify the user's analysis of the cost of various governmental services and/or subsidy to various business-type activities.

The Governmental Activities reflect the Village's basic services, including public safety (police and fire), public works, engineering, culture-recreation and administration. Property taxes, shared state sales and income, and local utility taxes finance the majority of these services. The Business-type Activities reflect private sector type operations (Water and Sewer), where the fee for service typically covers all or most of the cost of operation, including depreciation.

Fund Financial Statements

Traditional users of governmental financial statements will find the Fund Financial Statements presentation more familiar. The focus is on Major Funds, rather than fund types.

The Governmental funds (see pages 25-30) are presented on a sources and uses of liquid resources basis. This is the manner in which the financial plan (the budget) is typically developed. Funds are established for various purposes and the Fund Financial Statements allow the demonstration of sources and uses and/or budgeting compliance associated therewith.

The Proprietary fund (Water and Sewer Fund) accounts for services that are generally fully supported by user fees (i.e. charges to customers). The Proprietary fund is presented on a total economic resources basis. Proprietary fund statements, like government-wide financial statements, provide both short- and long-term financial information.

While the Business-type Activities column on the Business-type Fund Financial Statements (see pages 31-34) is the same as the Business-type column on the Government-Wide Financial Statement, the Governmental Funds Total column requires a reconciliation because of the different measurement focus (current financial resources versus total economic resources) which is reflected on the page following each statement (see pages 27 and 30). The flow of current financial resources will reflect bond proceeds and interfund transfers as other financing sources as well as capital expenditures and bond principal payments as expenditures. The reconciliation will eliminate these transactions and incorporate the capital assets and long-term obligation (bonds and others) into the Governmental Activities column (in the Government-wide statements).

The Fund Financial Statements allow the Village to address its Fiduciary fund (Police Pension Trust, see pages 35-36). While these funds represent trust responsibilities of the Village, these assets are restricted in purpose and do not represent discretionary assets of the general government. Therefore, these assets are not presented as part of the Government-Wide Financial Statements.

**VILLAGE OF LINCOLNWOOD, ILLINOIS
MANAGEMENT'S DISCUSSION AND ANALYSIS (CONT.)**

Capital Assets

GASB requires that capital assets be valued and reported within the governmental column of the government-wide statements. Additionally, the government must elect to either (1) depreciate these assets over their estimated useful life or (2) develop a system of asset management designed to maintain the service delivery potential to near perpetuity. If the government develops the asset management system (the modified approach) which periodically (at least every third year), by category, measures and demonstrates its maintenance of locally established levels of service standards, the government may record its cost of maintenance in lieu of depreciation. The Village has chosen to depreciate assets over their useful life. If a road project is considered maintenance - a recurring cost that does not extend the road's original useful life or expand its capacity - the cost of the project will be expensed. An "overlay" of a road will be considered maintenance whereas a "rebuild" of a road will be capitalized.

FINANCIAL ANALYSIS OF THE VILLAGE AS A WHOLE

The following table reflects the condensed Statement of Net Position:

**Table 1: Statement of Net Position
April 30, 2019 and 2018
(in millions)**

	Governmental Activities		Business-Type Activities		Total	
	2019	2018	2019	2018	2019	2018

For more detailed information see the Statement of Net Position (pages 21-22).

**VILLAGE OF LINCOLNWOOD, ILLINOIS
MANAGEMENT'S DISCUSSION AND ANALYSIS (CONT.)**

The Village's had a deficit unrestricted net position which totaled a negative (43%) of its net position at April 30, 2019. Approximately 15% reflects net position restricted for economic development and highway and street purposes. The remaining 128% reflects its investment in capital assets (e.g., land, buildings, equipment, improvements, and construction in progress), less any debt used to acquire those assets. The Village uses these capital assets to provide service to citizens; consequently, these assets are not available for spending. Although the Village's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities. There is a restatement done to the net position as of May 1, 2018 due to the change in the accounting principle due to the first time application of GASB 75 (Accounting and Financial Reporting for Post-Employment Benefits Other Than Pensions) and the recognition of certain intergovernmental receivables. The net decrease of \$1,684,008 is attributable to the change in accounting principle of \$1,420,212 in Governmental Activities, \$155,216 in Business-Type Activities and \$108,580 in recognition of certain intergovernmental receivables in the General Fund.

Normal Impacts

There are six basic (normal) transactions that will affect the comparability of the Statement of Net Position summary presentation.

Net Results of Activities - which will impact (increase/decrease) current assets and unrestricted net position.

Borrowing for Capital - which will increase current assets and long-term debt.

Spending Borrowed Proceeds on New Capital - which will reduce current assets and increase capital assets. There is a second impact, an increase in invested in capital assets and an increase in related net debt, which will not change the invested in capital assets, net of debt.

Spending of Non-borrowed Current Assets on New Capital - which will (a) reduce current assets and increase capital assets, and (b) will reduce unrestricted net position and increase invested in capital assets, net of debt.

Principal Payment on Debt - which will (a) reduce current assets and reduce long-term debt, and (b) reduce unrestricted net position and increase investment in capital assets, net of debt.

Reduction of Capital Assets through Depreciation - which will reduce capital assets and investment in capital assets, net of debt.

Current Year Impacts

The Village's combined net position for the primary government (which is the Village's bottom line) increased \$2.7 million which was the result of the governmental activities net position increasing by \$3.0 million and the business-type activities net position decreasing by \$.3 million. The governmental activities accounted for 110% of the increase in the assets of the Village. The governmental activities total assets/deferred inflows increased by \$4.0 million and liabilities/Deferred outflows increased by \$2.4, of which \$1.5 million of increases are attributable to first time application of GASB 75 (Accounting and Financial Reporting for Post-Employment Benefits Other Than Pensions). Net pension liabilities increased by \$2.9 million and deferred items for pension plans decreased \$2.1 million. The total assets increase of \$4.0 million in governmental activities was the result of a decrease of \$286,983 in current and other assets, an increase of \$4.1 million in capital assets and an increase in deferred outflows of \$290,978. The \$328,283 increase in current assets was mainly due to an increase in receivables of \$348,786. The total decrease in total net position of \$283,229 in business-type activities was due to a decrease in current assets of \$319,302, a decrease in capital and other assets of \$666,146, and an increase of \$161,801 in deferred outflows, a net decrease in current and noncurrent liabilities of \$96,401 and a decrease in deferred

**VILLAGE OF LINCOLNWOOD, ILLINOIS
MANAGEMENT'S DISCUSSION AND ANALYSIS (CONT.)**

inflows of \$288,801. As mentioned above, the beginning net position of the business-type activities was decreased by \$155,216 due to the change in accounting principle due to the first time application of GASB 75.

The Village has restricted net position of \$5.9 million which are used primarily for economic development and highway and street improvements. Certain resources (e.g. Special Revenue Funds and Debt Service Funds), are generally used only for the purpose restricted by the specific revenue source.

Changes in Net Position

The following table shows the revenue and expenses of the governmental and business-type activities for the current and prior year.

**VILLAGE OF LINCOLNWOOD, ILLINOIS
MANAGEMENT'S DISCUSSION AND ANALYSIS (CONT.)**

There are eight basic impacts on revenues and expenses as reflected below.

Normal Impacts

Revenues:

Economic Condition - which can reflect a declining, stable or growing economic environment and has a substantial impact on state income, sales and utility tax revenue as well as public spending habits for building permits, elective user fees, and volumes of consumption.

Increase/Decrease in Village Approved Rates - While certain tax rates are set by statute, the Village Board has significant authority to impose and periodically increase/decrease rates (water, wastewater, impact fees, building fees, etc.)

Changing Patterns in Intergovernmental and Grant Revenue (both recurring and non-recurring) such as state-shared revenue, etc., may experience significant changes periodically while non-recurring (or one-time) grants are less predictable and often distorting in their impact on year-to-year comparisons.

Market Impacts on Investment Income –The Village’s investment portfolio consists mainly of certificates of deposit and government securities. Market conditions may cause interest rates and investment income to fluctuate.

Expenses:

Introduction of New Programs - Within the functional expense categories (Public Safety, Public Works, General Government, etc.), individual programs may be added or deleted to meet changing community needs.

Increase in Authorized Personnel - Changes in service demand may cause the Village to increase/decrease authorized staffing. Staffing costs (salary and related benefits) represent about 40% of the Village's operating costs.

Salary Increases (annual adjustments/merit) - The ability to attract and retain (employees) resources requires the Village to strive to approach a competitive salary structure in the marketplace.

Inflation - While overall inflation appears to be reasonably modest, the Village is a major consumer of certain commodities such as supplies, fuels and repair parts. Some functions may experience commodity specific increases.

**VILLAGE OF LINCOLNWOOD, ILLINOIS
MANAGEMENT'S DISCUSSION AND ANALYSIS (CONT.)**

Current Year Impacts

Governmental Activities

Revenue:

For the fiscal year ended April 30, 2019, revenues from the governmental activities totaled \$26.8 million. Property tax revenue is the Village's largest revenue source, totaling \$7.2 million with sales tax revenues second at \$7.1 million. Sales tax receipts had a decrease of \$21,010 when compared to Fiscal 2018. The Village is still experiencing a slow recovery in consumer spending as seen in both our State and National economies. Property tax revenues and sales tax revenues combined with the local utility tax and shared state income tax and other tax revenues total \$19.2 million and represents 72% of the total Governmental Funds revenue. Investment income experienced an increase of \$112,757 due to rate increases the Village earned on the certificates of deposit and other investments. The Village also received a capital grant contribution of \$2,894,743 for the construction project for the fiscal year ended April 30, 2019.

Expenses:

For the fiscal year ended April 30, 2019, expenses for governmental activities totaled \$24.0 million, an increase of 663,061 when compared to Fiscal 2018.

The Village invested in capital assets during Fiscal 2019. This investment totaled \$6.2 million less the current year depreciation of \$2.1 million for a net increase in capital assets of \$4.1 million.

It is important that the Village provide competitive compensation levels for our employees. Fiscal 2019 expenses included funding an average 2% increase for Village personnel along with increases in medical benefits. Spending on various programs and capital assets was done within the constraints of the availability of revenue received.

Business-type Activities

Revenue:

For the fiscal year ended April 30, 2019, revenues from the business-type activities totaled \$4.7 million. The major revenue source is Charges for Services to operate the Water and Sewer Fund. There was no change in the water rate charged to residents and businesses within the Village in Fiscal 2019.

Expenses:

For the fiscal year ended April 30, 2019, expenses for business-type activities totaled \$4.8 million, including depreciation and amortization of \$697,326. Included therein was an operating transfer to the General Fund of \$200,000 for the reimbursement of administrative expenses.

The Water and Sewer Fund follows the same strict spending guidelines imposed on the Governmental Funds.

FINANCIAL ANALYSIS OF THE VILLAGE'S FUNDS

Governmental Funds

At April 30, 2019, the governmental funds (as presented on the income statement on page 11) reported a combined fund balance of \$16,950,813.

**VILLAGE OF LINCOLNWOOD, ILLINOIS
MANAGEMENT'S DISCUSSION AND ANALYSIS (CONT.)**

General Fund Budgetary Highlights

The 2019 fiscal year budget, as originally approved by the Village Board, was not amended during the current year. Below is a table that reflects the original and final budget and the actual for the revenues and expenditures for the General Fund.

**Table 3: General Fund Budgetary Highlights
(in millions)**

	Original/ Final Budget	Actual
Revenues		
Taxes	\$ 14.8	14.3
Intergovernmental	2.3	2.5
Other	4.1	4.5
Total	<u>21.2</u>	<u>21.3</u>
Expenditures	<u>22.1</u>	<u>21.2</u>
Excess of Revenues over Expenditures	<u>(0.9)</u>	<u>0.1</u>
Other Financing Sources		
Transfer In	0.33	0.34
Transfer Out	(0.35)	(0.4)
	<u>(0.02)</u>	<u>(0.06)</u>
Change in Fund Balance	<u>(0.92)</u>	<u>0.04</u>

The Fiscal 2019 General Fund approved budget was balanced with the use of \$.929 million of excess fund balance. The actual results reflect a \$47,129 increase in fund balance for the year ended April 30, 2019. Total revenues were \$.1 million (less than 1%) more than the original budget amount, and actual expenditures were \$.9 million less than the budget amount. State sales and home rule sales taxes were \$256,517 less than budgeted while state income tax revenues were \$82,502 more than budgeted. The decrease in sales tax revenue reflects the stagnant growth that the national economy. The income tax revenue is received from the state of Illinois based on a per capita basis. The expenditure budget variance was \$.9 million (4.5%) less than budget. This was mainly due to personnel costs lower than budgeted due to employee transitions and retirements. Transfers out to other funds were over budget by \$70,800 as the Village closed a TIF during the year.

Other Major Funds Highlights

The Village's major Tax Increment Financing (TIF) Fund experienced a decrease of \$740,415 in fund balance for fiscal year ended April 30, 2019. The tax increment revenue received of \$1,288,122 was mainly used to fund construction costs on the Public Work's yard expansion project. Total expenditures and transfers were \$2,057,096 million for the fiscal year ended April 30, 2019.

The Motor Fuel Tax Fund had a \$331,327 increase in fund balance. The Village received a local distributive share of \$319,592 from the State of Illinois and \$82,508 in investment income. The primary expenditures were for streetlight maintenance costs.

**VILLAGE OF LINCOLNWOOD, ILLINOIS
MANAGEMENT'S DISCUSSION AND ANALYSIS (CONT.)**

Capital Assets

At the end of Fiscal Year 2019, the Village had a combined total of capital assets of \$53.7 million invested in a broad range of capital assets including land, streets, sidewalks, alleys, buildings, vehicles, water mains, storm sewers and sanitary sewer lines. (See Table 4 below).

**Table 4: Total Capital Assets at Year End
Net of Depreciation
(in millions)**

	Governmental Activities	Business-type Activities	Total
Land	\$ 10.9	0.1	11.0
Buildings	3.5	0.3	3.8

Equipment	0.4	-	0.4
Vehicle	2.1	0.8	2.9
Waterworks System	-	9.0	9.0
Infrastructure	17.5	-	17.5
	<u>\$ 43.5</u>	<u>10.2</u>	<u>53.7</u>

More detailed information on capital asset activity can be found in Note 3 of the notes to the financial statements beginning on page 52.

	Governmental Activities	Business-type Activities	Total
Beginning Balance	\$ 39.4	10.8	50.2
Additions:			
Depreciable	6.2	0.1	6.3
Depreciation	(2.1)	(0.7)	(2.8)
Ending Balance	<u>\$ 43.5</u>	<u>10.2</u>	<u>53.7</u>

Debt Outstanding

The Village of Lincolnwood had total long-term debt and loans payable of \$35,902,778 million as of April 30, 2019. Long-term debt is comprised of compensated absences to employees, net pension liabilities, total OPEB liability, and loans payable. The Village made payments totaling \$854,029 of loans payable while compensated absences increased by \$28,855. In addition, the net pension liability and total OPEB liability increased by \$4,032,603.

**VILLAGE OF LINCOLNWOOD, ILLINOIS
MANAGEMENT'S DISCUSSION AND ANALYSIS (CONT.)**

The Village has no legal debt limitation as it is a home rule municipality. At April 30, 2019, the Village had no outstanding general obligation bonds.

Additional information on the Village's long-term debt can be found in the Note 3 to the basic financial statements.

Economic Factors and Next Year's Budget

The Village continues to provide quality government services funded by a tax base that is basically residential. The local and national economies are still experiencing slow economic growth. The next few years will still continue to be challenging as the Village continues to balance expenditures with the slow growth in revenues while continuing to maintain the current services to our residents and businesses. The Village property tax, sales tax, local utility taxes and the Village's share of the state income tax make a majority of the portion of General Fund revenues. Most of these major revenue sources experienced minimal decreases from the prior year. We still expect revenues to remain in a modest growth pattern in the upcoming year as the global economy is still in a modest growth mode and the current State budget climate could affect certain Village revenue sources.

The Village is also continuing to look for economic development to generate additional sales and real estate tax revenues. There are various developments in the plans to begin in Fiscal 2020 for various sites in the Village, including the TIF districts. The Village is also undertaking many infrastructure improvements. Construction will be started for a water transmission main from Evanston, the Village's new potable water supplier, and the Village has started the roadway resurfacing program for all Village streets.

CONTACTING THE VILLAGE'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, customers, investors and creditors with a general overview of the Village's finances and to demonstrate the Village's accountability for the money it receives. Questions concerning this report or requests for additional financial information should be directed to Robert J. Merkel, Finance Director, Village of Lincolnwood, 6900 N. Lincoln Ave. Lincolnwood, IL 60712.

BASIC FINANCIAL STATEMENTS

The basic financial Statements include integrated sets of financial statements as required by the GASB. The sets of statements include:

- Government-Wide Financial Statements
- Fund Financial Statements

Governmental Funds

Proprietary Fund

Fiduciary Fund

In addition, the notes to the financial statements are included to provide information that is essential to a user's understanding of the basic financial statements.

VILLAGE OF LINCOLNWOOD, ILLINOIS

**Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances
to the Statement of Activities - Governmental Activities**

For the Fiscal Year Ended April 30, 2019

Net Change in Fund Balances - Total Governmental Funds	\$ (42,059)
---	--------------------

Amounts reported for governmental activities in the Statement of Activities
are different because:

Governmental funds report capital outlays as expenditures. However, in the
Statement of Activities the cost of those assets is allocated over their estimated
useful lives and reported as depreciation expense.

Capital Outlays	3,354,364
Capital Contribution	2,810,879
Depreciation Expense	(2,075,429)
Disposals - Cost	(148,041)
Disposals - Accumulated Depreciation	148,041

The net effect of deferred outflows (inflows) of resources related to the pensions
not reported in the funds.

Change in Deferred Items - IMRF	2,732,778
Change in Deferred Items - Police Pension	(341,124)
Change in Deferred Items - OPEB	57,675

The issuance of long-term debt provides current financial resources to
governmental funds, while the repayment of the principal on long-term
debt consumes the current financial resources of the governmental funds.

(Additions) to Compensated Absences Payable	(35,844)
(Additions) to Net Pension Liability - IMRF	(2,686,787)
Deductions in Net Pension Liability - Police Pension	(862,298)
(Additions) to Total OPEB Liability - RBP	(56,703)
Retirement of Debt	<u>222,897</u>

Changes in Net Position of Governmental Activities	<u><u>3,078,349</u></u>

VILLAGE OF LINCOLNWOOD, ILLINOIS

Notes to the Financial Statements

April 30, 2019

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Village of Lincolnwood (Village), Illinois, is a municipal corporation, organized with powers and authorities as established in the Illinois Municipal code (Chapter 65 of the Illinois Compiled Statutes), as is governed by an elected Village President and six-member Board of Trustees.

The government-wide financial statements are prepared in accordance with generally accepted accounting principles (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations). The more significant of the Village's accounting policies established in GAAP and used by the Village are described below.

REPORTING ENTITY

The Village's financial reporting entity comprises the following:

Primary Government:	Village of Lincolnwood
---------------------	------------------------

In determining the financial reporting entity, the Village complies with the provisions of GASB Statement No. 61, "The Financial Reporting Omnibus – an Amendment of GASB Statements No. 14 and No. 34," and includes all component units that have a significant operational or financial relationship with the Village. Based upon the criteria set forth in the GASB Statement No. 61, there are no component units included in the reporting entity.

Police Pension Employees Retirement System

The Village's sworn police employees participate in the Police Pension Employees Retirement System (PPERS). PPERS functions for the benefit of these employees and is governed by a five-member pension board. Two members appointed by the Village's President, one elected pension beneficiary and two elected police employees constitute the pension board.

The participants are required to contribute a percentage of salary as established by state statute and the Village is obligated to fund all remaining PPERS costs based upon actuarial valuations. The State of Illinois is authorized to establish benefit levels and the Village is authorized to approve the actuarial assumptions used in the determination of contribution levels. Although it is legally separate from the Village, the PPERS is reported as if it were part of the primary government because its sole purpose is to provide retirement benefits for the Village's police employees. The PPERS is reported as a pension trust fund.

VILLAGE OF LINCOLNWOOD, ILLINOIS

Notes to the Financial Statements

April 30, 2019

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

BASIS OF PRESENTATION

Government-Wide Statements

The Village's basic financial statements include both government-wide (reporting the Village as a whole) and fund financial statements (reporting the Village's major funds). Both the government-wide and fund financial statements categorize primary activities as either governmental or business-type. The Village's police, highway and street maintenance and reconstruction, forestry, building code enforcement, public improvements, economic development, planning and zoning, and general administrative services are classified as governmental activities. The Village's water and sewer services are classified as business-type activities.

In the government-wide Statement of Net Position, both the governmental and business-type activities columns are: (a) presented on a consolidated basis by column, and (b) reported on a full accrual, economic resource basis, which recognizes all long-term assets/deferred outflows and receivables as well as long-term debt/deferred inflows and obligations. The Village's net position is reported in three parts: net investment in capital assets; restricted; and unrestricted. The Village first utilizes restricted resources to finance qualifying activities.

The government-wide Statement of Activities reports both the gross and net cost of each of the Village's functions and business-type activities (general government, public safety, public works, etc.). The functions are supported by general government revenues (property, sales and use taxes, certain intergovernmental revenues, fines, permits and charges, etc.). The Statement of Activities reduces gross expenses (including depreciation) by related program revenues, which include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment.

The net costs (by function or business-type activity) are normally covered by general revenue (property tax, sales tax, intergovernmental revenues, interest income, etc.). The Village allocates indirect costs to the proprietary funds for personnel who perform administrative services for those funds, along with other indirect costs deemed necessary for their operations, but are paid through the General Fund. This government-wide focus concentrates on the sustainability of the Village as an entity and the change in the Village's net position resulting from the current year's activities.

VILLAGE OF LINCOLNWOOD, ILLINOIS

Notes to the Financial Statements

April 30, 2019

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

BASIS OF PRESENTATION – Continued

Fund Financial Statements

The financial transactions of the Village are reported in individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprises its assets/deferred outflows, liabilities/deferred inflows, fund equity, revenues and expenditures/expenses. Funds are organized into three major categories: governmental, proprietary, and fiduciary. The emphasis in fund financial statements is on the major funds in either the governmental or business-type activities categories. Nonmajor funds by category are summarized into a single column. GASB Statement No. 34 sets forth minimum criteria (percentage of the assets/deferred outflows, liabilities/deferred inflows, revenues or expenditures/expenses of either fund category or the governmental and enterprise combined) for the determination of major funds. The Village electively added funds, as major funds, which either had debt outstanding or specific community focus. The nonmajor funds are combined in a column in the fund financial statements. A fund is considered major if it is the primary operating fund of the Village or meets the following criteria:

Total assets/deferred outflows, liabilities/deferred inflows, revenues, or expenditures/expenses of that individual governmental or enterprise fund are at least 10 percent of the corresponding total for all funds of that category or type; and

Total assets/deferred outflows, liabilities/deferred inflows, revenues, or expenditures/expenses of the individual governmental fund or enterprise fund are at least 5 percent of the corresponding total for all governmental and enterprise funds combined.

The various funds are reported by generic classification within the financial statements. The following fund types are used by the Village:

Governmental Funds

The focus of the governmental funds' measurement (in the fund statements) is upon determination of financial position and changes in financial position (sources, uses, and balances of financial resources) rather than upon net income. The following is a description of the governmental funds of the Village:

General Fund is the general operating fund of the Village. It is used to account for all financial resources except those required to be accounted for in another fund. The General Fund is a major fund.

VILLAGE OF LINCOLNWOOD, ILLINOIS

Notes to the Financial Statements

April 30, 2019

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

BASIS OF PRESENTATION – Continued

Governmental Funds – Continued

Special Revenue Funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes. The Village maintains two major special revenue funds, the Northeast Industrial District Tax Increment Financing Fund and the Motor Tax Fuel Fund. The Northeast Industrial District Tax Increment Financing Fund is used to account for resources (restricted real estate taxes) received and expenditures made to promote the objectives of the TIF District. The Motor Tax Fuel Fund is used to account for resources (restricted motor fuel taxes) to maintain traffic signal lighting in the Village and for services performed by the Village for upkeep of IDOT street within the Village limits. The Village maintains four nonmajor special revenue funds. The Village has established the North Lincoln Tax Increment Financing Fund but as of April 30, 2019 there is no activity to report in the fund.

Debt Service Funds are used to account for the accumulation of funds for the periodic payment of principal and interest on general long-term debt. The Debt Service Fund is treated as a major fund and is used to account for the accumulation of resources for, and the payment of, general long-term debt principal and interest.

Capital Projects Funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by business-type/proprietary funds). The Village maintains three nonmajor capital projects funds.

Proprietary Funds

The focus of proprietary fund measurement is upon determination of operating income, changes in net position, financial position, and cash flows. The generally accepted accounting principles applicable are those similar to businesses in the private sector. The following is a description of the proprietary fund of the Village:

Enterprise Funds are required to account for operations for which a fee is charged to external users for goods or services and the activity (a) is financed with debt that is solely secured by a pledge of the net revenues, (b) has third party requirements that the cost of providing services, including capital costs, be recovered with fees and charges or (c) establishes fees and charges based on a pricing policy designed to recover similar costs. The Village maintains one major enterprise fund, the Water and Sewer Fund, which is used to account for resources to maintain the Village's water distribution system and combined storm/sanitary sewer system.

VILLAGE OF LINCOLNWOOD, ILLINOIS

Notes to the Financial Statements

April 30, 2019

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

BASIS OF PRESENTATION – Continued

Governmental Funds – Continued

Fiduciary Funds

Fiduciary funds are used to report assets held in a trustee or agency capacity for others and therefore are not available to support Village programs. The reporting focus is on net position and changes in net position and is reported using accounting principles similar to proprietary funds.

Pension Trust Funds are used to account for assets held in a trustee capacity for pension benefit payments. The Police Pension Fund is used to account for the accumulation of resources to be used for disability and retirement annuity payments to employees covered by the plan. Financing is provided by employee contributions, the Village's contribution and investment income.

Since by definition the assets of the Village's fiduciary fund are being held for the benefit of a third party (other pension participants) and cannot be used to address activities or obligations of the Village, this fund is not incorporated into the government-wide statements.

MEASUREMENT FOCUS AND BASIS OF ACCOUNTING

Measurement focus is a term used to describe "which" transactions are recorded within the various financial statements. Basis of accounting refers to "when" transactions are recorded regardless of the measurement focus applied.

Measurement Focus

On the government-wide Statement of Net Position and the Statement of Activities, both governmental and business-type activities are presented using the economic resources measurement focus as defined below. In the fund financial statements, the "current financial resources" measurement focus or the "economic resources" measurement focus is used as appropriate.

All governmental funds utilize a "current financial resources" measurement focus. Only current financial assets/deferred outflows and liabilities/deferred inflows are generally included on their balance sheets. Their operating statements present sources and uses of available spendable financial resources during a given period. These funds use fund balance as their measure of available spendable financial resources at the end of the period.

All proprietary and pension trust funds utilize an "economic resources" measurement focus. The accounting objectives of this measurement focus are the determination of operating income, changes in net position (or cost recovery), financial position, and cash flows. All assets/deferred outflows and liabilities/deferred inflows (whether current or noncurrent) associated with their activities are reported. Proprietary and pension trust fund equity is classified as net position. Agency funds are not involved in the measurement of results of operations; therefore, measurement focus is not applicable to them.

VILLAGE OF LINCOLNWOOD, ILLINOIS

Notes to the Financial Statements

April 30, 2019

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

MEASUREMENT FOCUS AND BASIS OF ACCOUNTING – Continued

Basis of Accounting

In the government-wide Statement of Net Position and Statement of Activities, both governmental and business-type activities are presented using the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability/deferred inflow is incurred or economic asset used. Revenues, expenses, gains, losses, assets/deferred outflows, and liabilities/deferred inflows resulting from exchange and exchange-like transactions are recognized when the exchange takes place.

In the fund financial statements, governmental funds are presented on the modified accrual basis of accounting. Under this modified accrual basis of accounting, revenues are recognized when “measurable and available.” Measurable means knowing or being able to reasonably estimate the amount. Available means collectible within the current period or within sixty days after year-end. The Village recognizes property taxes when they become both measurable and available in accordance with GASB Codification Section P70. A sixty-day availability period is used for revenue recognition for all other governmental fund revenues. Expenditures (including capital outlay) are recorded when the related fund liability is incurred, except for general obligation bond principal and interest which are recognized when due.

In applying the susceptible to accrual concept under the modified accrual basis, those revenues susceptible to accrual are property taxes, sales and use taxes, franchise taxes, licenses, interest revenue, and charges for services. All other revenues are not susceptible to accrual because generally they are not measurable until received in cash.

All proprietary and pension trust funds utilize the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund’s principal ongoing operations. The principal operating revenues of the Village’s enterprise funds are charges to customers for sales and services. The Village also recognizes as operating revenue the portion of tap fees intended to recover the cost of connecting new customers to the system. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

VILLAGE OF LINCOLNWOOD, ILLINOIS

Notes to the Financial Statements

April 30, 2019

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

ASSETS/DEFERRED OUTFLOWS, LIABILITIES/DEFERRED INFLOWS, AND NET POSITION OR EQUITY

Cash and Investments

Cash and cash equivalents on the Statement of Net Position are considered to be cash on hand, demand deposits, cash with fiscal agent. For the purpose of the proprietary funds “Statement of Cash Flows,” cash and cash equivalents are considered to be cash on hand, demand deposits, cash with fiscal agent, and all highly liquid investments with an original maturity of three months or less.

Investments are generally reported at fair value. Short-term investments are reported at cost, which approximates fair value. For investments, the Village categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

Prepays/Inventories

Prepays/inventories are valued at cost, which approximates market, using the first-in/first-out (FIFO) method. The costs of governmental fund-type prepaids/inventories are recorded as expenditures when consumed rather than when purchased. Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaids in both the government-wide and fund financial statements.

Interfund Receivables, Payables and Activity

Interfund activity is reported as loans, services provided, reimbursements or transfers. Loans are reported as interfund receivables and payables as appropriate and are subject to elimination upon consolidation. Services provided, deemed to be at market or near market rates, are treated as revenues and expenditures/expenses. Reimbursements occur when one fund incurs a cost, charges the appropriate benefiting fund and reduces its related cost as a reimbursement. All other interfund transactions are treated as transfers. Transfers between governmental or proprietary funds are netted as part of the reconciliation to the government-wide financial statements.

Receivables

In the government-wide financial statements, receivables consist of all revenues earned at year-end and not yet received. Allowances for uncollectible accounts receivable are based upon historical trends and the periodic aging of accounts receivable. Major receivables balances for governmental activities include property taxes, sales and use taxes, franchise taxes, and grants. Business-type activities report waterworks and sewerage charges as their major receivables.

VILLAGE OF LINCOLNWOOD, ILLINOIS

Notes to the Financial Statements

April 30, 2019

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

ASSETS/DEFERRED OUTFLOWS, LIABILITIES/DEFERRED INFLOWS, AND NET POSITION OR EQUITY – Continued

Capital Assets

Capital assets purchased or acquired with an original cost of \$10,000 or more, depending on asset class, are reported at historical cost or estimated historical cost. Contributed assets are reported at acquisition value as of the date received. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred.

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. General capital assets are long-lived assets of the Village as a whole. Infrastructure such as streets, traffic signals and signs are capitalized. The valuation basis for general capital assets are historical cost, or where historical cost is not available, estimated historical cost based on replacement costs.

Capital assets in the proprietary funds are capitalized in the fund in which they are utilized. The valuation basis for proprietary fund capital assets are the same as those used for the general capital assets. Donated capital assets, donated works of art and similar items, and capital assets received in a service concession arrangement are reported at acquisition value rather than fair value.

Depreciation on all assets is computed and recorded using the straight-line method of depreciation over the following estimated useful lives:

Parks and Improvements	10 - 25 Years
Buildings	35 Years
Equipment and Furniture	5 - 30 Years
Vehicles and Heavy Equipment	5 - 30 Years
Streets, Sidewalks and Alleys	30 Years
Waterworks System	30 Years

Compensated Absences

The Village accrues accumulated unpaid vacation and associated employee-related costs when earned (or estimated to be earned) by the employee. In accordance with GASB Statement No. 16, no liability is recorded for nonvesting accumulation rights to receive sick pay benefits. However, a liability is recognized for that portion of accumulated sick leave that is estimated to be taken as “terminal leave” prior to retirement.

All vacation pay is accrued when incurred in the government-wide and proprietary fund financial statements. A liability for these amounts is reported in the governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

VILLAGE OF LINCOLNWOOD, ILLINOIS

Notes to the Financial Statements

April 30, 2019

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

ASSETS/DEFERRED OUTFLOWS, LIABILITIES/DEFERRED INFLOWS, AND NET POSITION OR EQUITY – Continued

Deferred Outflows/Inflows of Resources

Deferred outflow/inflow of resources represents an acquisition/reduction of net position that applies to a future period and therefore will not be recognized as an outflow of resources (expense)/inflow of resources (revenue) until that future time.

Long-Term Obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type Statement of Net Position. Bond premiums and discounts, are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as expenses at the time of issuance.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Net Position

In the government-wide financial statements, fund equity is classified as net position and displayed in three components:

Net Investment in Capital Assets – Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

Restricted – Consists of net position with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislations.

Unrestricted – All other net position balances that do not meet the definition of “restricted” or “net investment in capital assets.”

VILLAGE OF LINCOLNWOOD, ILLINOIS

Notes to the Financial Statements

April 30, 2019

NOTE 2 – STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

BUDGETARY INFORMATION

All departments of the Village submit requests for appropriation to the Village Manager so that a budget may be prepared. The budget is prepared by fund, function and activity, and includes information on the past year, current year estimates and requested appropriations for the next fiscal year. Annual appropriated budgets are adopted for general, special revenue, debt service, capital projects, enterprise and pension trust funds.

Budgets are adopted on a basis consistent with generally accepted accounting principles except of the Water and Sewer Fund. The Water and Sewer Fund is adopted on a modified basis in that depreciation is not budgeted and capital outlay and debt principal retirements, if any, are budgeted. The Village did not budget for the Lincoln/Touhy Tax Increment Financing Fund.

The proposed budget is presented to the governing body for review. The governing body hold public hearings and may add to, subtract from or change appropriations, but may not change the form of the budget. The finance director is authorized to transfer budgeted amounts between departments within any fund; however, the governing body must approve any revisions that alter the total expenditures of any fund.

The budget may be amended by the governing body but was not amended during the year.

NOTE 3 – DETAIL NOTES ON ALL FUNDS

DEPOSITS AND INVESTMENTS

The Village maintains a cash and investment pool that is available for use by all funds except the pension trust fund. Each fund type's portion of this pool is displayed on the financial statements as "cash and investments." In addition, investments are separately held by several of the Village's funds. The deposits and investments of the pension trust funds are held separately from those of other funds.

Permitted Deposits and Investments – Statutes authorize the Village to make deposits/invest in commercial banks, savings and loan institutions, obligations of the U.S. Treasury and U.S. Agencies, obligations of States and their political subdivisions, credit union shares, repurchase agreements, commercial paper rated within the three highest classifications by at least two standard rating services, Illinois Funds, and the Illinois Metropolitan Investment Fund (IMET).

VILLAGE OF LINCOLNWOOD, ILLINOIS

Notes to the Financial Statements

NOTE 3 – DETAIL NOTES ON ALL FUNDS – Continued

DEPOSITS AND INVESTMENTS – Continued

The Illinois Funds is an investment pool managed by the Illinois Public Treasurer's Office which allows governments within the State to pool their funds for investment purposes. Illinois Funds is not registered with the SEC as an investment company. Investments in Illinois Funds are valued at the share price, the price for which the investment could be sold.

The IMET is a non-for-profit investment trust formed pursuant to the Illinois Municipal Code. IMET is managed by a Board of Trustees elected from the participating members. IMET is not registered with the SEC as an Investment Company. Investments in the IMET are valued at the share price, the price for which the investment could be sold.

The deposits and investments of the Pension Fund are held separately from those of other Village funds. Statutes authorize the Pension Fund to make deposits/invest in interest bearing direct obligations of the United States of America; obligations that are fully guaranteed or insured as to the payment of principal and interest by the United States of America; bonds, notes, debentures, or similar obligations of agencies of the United States of America; savings accounts or certificates of deposit issued by banks or savings and loan associations chartered by the United States of America or by the State of Illinois, to the extent that the deposits are insured by the agencies or instrumentalities of the federal government; credit unions, to the extent that the deposits are insured by the agencies or instrumentalities of the federal government; State of Illinois bonds; pooled accounts managed by the Illinois Funds Market Fund (Formerly known as IPTIP, Illinois Public Treasurer's Investment Pool), or by banks, their subsidiaries or holding companies, in accordance with the laws of the State of Illinois; bonds or tax anticipation warrants of any county, township, or municipal corporation of the State of Illinois; direct obligations of the State of Israel; money market mutual funds managed by investment companies that are registered under the Federal Investment Company Act of 1940 and the Illinois Securities Law of 1953 and are diversified, open-ended management investment companies, provided the portfolio is limited to specified restrictions; general accounts of life insurance companies; and separate accounts of life insurance companies and mutual funds, the mutual funds must meet specific restrictions, provided the investment in separate accounts and mutual funds does not exceed ten percent of the Pension Fund's plan net position; and corporate bonds managed through an investment advisor, rated as investment grade by one of the two largest rating services at the time of purchase. Pension Funds with plan net position of \$2.5 million or more may invest up to forty-five percent of plan net position in separate accounts of life insurance companies and mutual funds. Pension Funds with plan net position of at least \$5 million that have appointed an investment advisor, may through that investment advisor invest up to forty-five percent of the plan net position in common and preferred stocks that meet specific restrictions. In addition, Pension Funds with plan net position of at least \$10 million that have appointed an investment advisor, may invest up to fifty percent of its net position in common and preferred stocks and mutual funds that meet specific restrictions effective July 1, 2011 and up to fifty-five percent effective July 1, 2012.

VILLAGE OF LINCOLNWOOD, ILLINOIS

Notes to the Financial Statements

April 30, 2019

NOTE 3 – DETAIL NOTES ON ALL FUNDS – Continued

DEPOSITS AND INVESTMENTS – Continued

Village Interest Rate Risk, Credit Risk, Custodial Credit Risk and Concentration Risk

Deposits. At year-end, the carrying amount of the Village's deposits for governmental and business-type activities totaled \$9,316,934 and the bank balances totaled \$9,979,142. The Village also has \$8,188,001 invested in the Illinois Funds and \$919,974 invested in IMET, which have an average maturity of less than one year to three years and are measured at the net asset value per share determined by the pool.

Interest Rate Risk. Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The Village's investment policy limits its exposure to interest rate risk by primarily investing in investment with maturities of one year or less, except for US. government and agencies obligations.

Credit Risk. Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The Village limits its exposure to credit risk by primarily investing in securities issued by the United States Government and/or its agencies that are implicitly guaranteed by the United States Government. The Village's policy prescribes to the "prudent person" rule which states, "All investments shall be made with sound judgment and extraordinary care by persons of prudence, discretion, and intelligence. The primary objectives of the investment policy shall be safety, liquidity, and return on investment (yield). At year-end, the Village's investment in the Illinois Funds was rated AAAM by Standard & Poor's. The Illinois Metropolitan Investment Trust Convenience Fund is not rated and the Illinois Metropolitan Investment Trust 1-3 Year Fund is rated Aaa by Moody's.

Custodial Credit Risk. In the case of deposits, this is the risk that in the event of a bank failure, the Village's deposits may not be returned to it. The Village's investment policy does not mitigate custodial credit risk. The Village's investment in the Illinois Funds and IMET are noncategorizable. At year-end, the entire amount of the bank balance of deposits was covered by collateral, federal depository or equivalent insurance.

For an investment, this is the risk that in the event of the failure of the counterparty, the Village will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The Village's investment policy does not mitigate custodial credit risk for investments. The investments in the Illinois Fund and IMET are not subject to custodial credit risk.

Concentration Risk. This is the risk of loss attributed to the magnitude of the Village's investment in a single issuer. The Village's investment policy does not address concentration risk. At year-end, the Village does not have any investments over 5 percent of the total cash and investment portfolio (other than investments issued or explicitly guaranteed by the U.S. government and investments in mutual funds, external investment pools, and other pooled investments).

NOTE 3 – DETAIL NOTES ON ALL FUNDS – Continued

DEPOSITS AND INVESTMENTS – Continued

Police Pension Fund Interest Rate Risk, Credit Risk, Custodial Credit Risk and Concentration Risk – Continued

Investments – Continued. Debt Securities classified in Level 2 of the fair value hierarchy are valued using a matrix pricing technique. Matrix pricing is used to value securities based on the securities' relationship to benchmark quoted prices.

Interest Rate Risk. In accordance with its investment policy, the Fund limits its exposure to interest rate risk by structuring the portfolio to provide liquidity for all reasonable anticipated operating requirements while providing a reasonable rate to return based on the current market.

Credit Risk. The Fund limits its exposure to credit risk by primarily investing in U.S. Treasury Obligations and other obligations which are rated AA or better by a national rating agency. At year-end, the Fund's investments in U.S. Agency securities were rated Aaa by Moody's or not available, Corporate Bonds were rated Aaa to Baa2 by Moody's and Illinois Funds was rated AAAM by Standard & Poor's.

Custodial Credit Risk. The Fund's investment policy does not mitigate custodial credit risk for deposits. At year-end \$377,399 of the bank balance of deposits was not covered by collateral, federal depository or equivalent insurance.

In the case of investments, the Fund limits its exposure to custodial credit risk, the investment policy requires all security transactions that are exposed to custodial credit risk to be processed on a delivery versus payment basis with the underlying investments held by a third-party custodian and evidenced by safekeeping receipts. The investment in the Illinois Funds is not subject to custodial credit risk.

Concentration Risk. The Fund's investment policy requires diversification of investment to avoid unreasonable risk. No financial institution, except any securities custodians of the Fund, shall hold more than 10% of the Fund's portfolio at any time. In addition to the securities and fair values listed above, the Fund also has \$12,794,164 invested in mutual funds. At year-end, the Fund does not have any investments over 5 percent of the net plan assets available for retirement benefits (other than investments issued or explicitly guaranteed by the U.S. government and investments in mutual funds, external investment pools, and other pooled investments).

VILLAGE OF LINCOLNWOOD, ILLINOIS

Notes to the Financial Statements

NOTE 3 – DETAIL NOTES ON ALL FUNDS – Continued

DEPOSITS AND INVESTMENTS – Continued

Police Pension Fund Interest Rate Risk, Credit Risk, Custodial Credit Risk and Concentration Risk – Continued

The Fund's investment policy in accordance with Illinois Compiled Statutes (ILCS) establishes the following target allocation across asset classes:

Asset Class	Target	Long-Term Expected Real Rate of Return
Fixed Income	40.70%	2.0% - 4.8%
Domestic Equities	50.60%	5.6% - 6.7%
International Equities	8.40%	5.2% - 7.0%
Cash and Cash Equivalents	0.30%	0.00%

Illinois Compiled Statutes (ILCS) limit the Fund's investments in equities, mutual funds and variable annuities to 65%. Securities in any one company should not exceed 5% of the total fund.

The long-term expected rate of return on the Fund's investments was determined using an asset allocation study conducted by the Fund's investment management consultant in May 2019 in which best-estimate ranges of expected future real rates of return (net of pension plan investment expense and inflation) were developed for each major asset class. These ranges were combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding the expected inflation. Best estimates or arithmetic real rates of return for each major asset class included in the Fund's target asset allocation as of April 30, 2019 are listed in the table above.

Rate of Return

For the year ended April 30, 2019, the annual money-weighted rate of return on pension plan investments, net of pension plan investment expense, was 6.80%. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

VILLAGE OF LINCOLNWOOD, ILLINOIS

Notes to the Financial Statements April 30, 2019

NOTE 3 – DETAIL NOTES ON ALL FUNDS – Continued

PROPERTY TAXES

Property taxes for 2018 tax levy attach as an enforceable lien on January 1, on property values assessed as of the same date. Taxes are levied by December of the subsequent fiscal year (by passage of a Tax Levy Ordinance). Tax bills are prepared by the County and are payable in two installments, on or about March 1 and November 1. The County collects such taxes and remits them periodically. The allowance for uncollectible taxes has been stated at 1% of the tax levy, to reflect actual collection experience.

CAPITAL ASSETS

Governmental Activities

Governmental capital asset activity for the year was as follows:

	Beginning Balances	Increases	Decreases	Ending Balances
Nondepreciable Capital Assets				
Land	\$ 10,885,084	-	-	10,885,084
Depreciable Capital Assets

Water and Sewer	<u><u>\$ 697,326</u></u>
-----------------	--------------------------

VILLAGE OF LINCOLNWOOD, ILLINOIS

**Notes to the Financial Statements
April 30, 2019**

NOTE 3 – DETAIL NOTES ON ALL FUNDS – Continued

INTERFUND RECEIVABLES, PAYABLES AND TRANSFERS

Interfund Balances

The composition of interfund balances as of the date of this report is as follows:

<u>Receivable Fund</u>	<u>Payable Fund</u>	<u>Amount</u>
General	Nonmajor Governmental	\$ 646,728
Police Pension	General	<u>95,992</u>
		<u>742,720</u>

Interfund balances are advances in anticipation of receipts.

Interfund Transfers

Interfund transfers for the year consisted of the following:

<u>Transfer In</u>	<u>Transfer Out</u>	<u>Amount</u>
General	Northeast Industrial District Tax Increment Financing	\$ 130,000 (1)
General	Water and Sewer	200,000 (1)
Debt Service	General	12,500 (2)
Debt Service	Nonmajor Governmental	194,881 (2)
Nonmajor Governmental	General	<u>388,300 (3)</u>
		<u>925,681</u>

Transfers are used to (1) move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them, (2) move receipts restricted to debt service from the funds collecting the receipts to the debt service fund as debt service payments become due, and (3) use unrestricted revenues collected in the General Fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

LONG-TERM DEBT

Loans Payable

Loans payable are utilized to acquire capital equipment. Loans payable currently outstanding are as follows:

Issue	Fund Retired by	Beginning Balances	Issuances	Retirements	Ending Balances
Illinois Finance Authority Loan Payable of 2009 due in annual payments of \$12,500, non-interest bearing through May 9, 2029.	Debt Service	\$ 150,000	-	12,500	137,500
Cook County Intergovernmental Agreement of 2014 due in annual payments of \$500,000 to \$546,834, non-interest bearing through May 1, 2018.	Debt Service	188,196	-	188,196	-
	Motor Fuel Tax	22,201	-	22,201	-
	Water and Sewer	336,437	-	336,437	-
		<u>696,834</u>	<u>-</u>	<u>559,334</u>	<u>137,500</u>

Illinois Environmental Protection Agency (IEPA) Loans Payable

The Village has entered into loan agreements with the IEPA to provide low interest financing for water and sewer improvements. IEPA loans currently outstanding are as follows:

Issue	Fund Retired by	Beginning Balances	Issuances	Retirements	Ending Balances
IEPA Water Pollution Control Revolving Fund Loan Payable of 2008 due in semi-annual payments of \$87,660 to \$187,731, plus interest at 2.5% through June 17, 2028.	Water and Sewer	\$ 3,491,677	-	294,695	3,196,982

LONG-TERM DEBT – Continued

Long-Term Liability Activity

Changes in long-term liabilities during the fiscal year were as follows:

Type of Debt	Restated Beginning Balances	Additions	Deductions	Ending Balances	Amounts Due within One Year
Governmental Activities					
Compensated Absences	\$ 704,553	246,938	211,094	740,397	148,079
Net Pension Liability/(Asset) - IMRF	(605,266)	2,686,787	-	2,081,521	-
Net Pension Liability - Police Pension	26,853,440	862,298	-	27,715,738	-
Total OPEB Liability - RBP	1,420,212	56,703	-	1,476,915	-
Loans Payable	360,397	-	222,897	137,500	12,500
	<u>28,733,336</u>	<u>3,852,726</u>	<u>433,991</u>	<u>32,152,071</u>	<u>160,579</u>
Business-Type Activities					
Compensated Absences	82,480	23,731	30,720	75,491	15,098
Net Pension Liability/(Asset) - IMRF	(103,797)	420,618	-	316,821	-
Total OPEB Liability - RBP	155,216	6,197	-	161,413	-
Loans Payable	336,437	-	336,437	-	-
IEPA Loans Payable	3,491,677	-	294,695	3,196,982	302,108
	<u>3,962,013</u>	<u>450,546</u>	<u>661,852</u>	<u>3,750,707</u>	<u>317,206</u>

For governmental activities, the General Fund makes payments on the compensated absences, the net pension liability/(asset) and the total OPEB liability. Payments on the loans payable are being made by the Debt Service Fund and Motor Fuel Tax Fund.

For business-type activities, the Water and Sewer Fund makes payments on the compensated absences, the net pension liability/(asset), the total OPEB liability, the loans payable and the IEPA loans payable.

Debt Service Requirements to Maturity

The annual debt service requirements to maturity, including principal and interest, are as follows:

Fiscal Year	Governmental Activities		Business-Type Activities	
	Loans Payable	Loans Payable	IEPA Loans Payable	
	Principal	Principal	Principal	Interest
2020	\$ 12,500	-	302,108	78,048
2021	12,500	-	309,708	70,448
2022	12,500	-	317,500	62,656
2023	12,500	-	325,486	54,670
2024	12,500	-	333,674	46,482
2025	12,500	-	342,068	38,088
2026	12,500	-	350,673	29,482
2027	12,500	-	359,495	20,661
2028	12,500	-	368,539	11,617
2029	12,500	-	187,731	2,347
2030	12,500	-	-	-
Totals	137,500	-	3,196,982	414,499

Legal Debt Margin

Article VII, Section 6(k) of the 1970 Illinois Constitution governs the computation of legal debt margin. “The General Assembly may limit by law the amount and require referendum approval of debt to the incurred by home rule municipalities, payable from ad valorem property tax receipts, only in excess of the following percentages of the assessed value of its taxable property...(2) if its population is more than 25,000 and less than 500,000 an aggregate of one percent: indebtedness which is outstanding on the effective date (July 1, 1971) of this constitution or which is thereafter approved by referendum...shall not be included in the foregoing percentage amounts.” To date the Illinois General Assembly has set no limits for home rule municipalities. The Village is a home rule municipality.

NET POSITION/FUND BALANCE CLASSIFICATIONS

Fund Balance Classifications

The following is a schedule of fund balance classifications for the governmental funds as of the date of this report:

	General	Special Revenue			Nonmajor	Totals
		District Tax Increment Financing	Motor Fuel Tax	Debt Service		
Fund Balances						
Nonspendable						
Notes Receivable	\$ 80,000	-	-	-	-	80,000
Restricted						
Police Forfeiture	94,020	-	-	-	-	94,020
Economic Development	-	1,051,076	-	-	542,067	1,593,143
Debt Service	-	-	-	6,800	-	6,800
Street and Streetlight Maintenance and Replacement	-	-	4,115,141	-	-	4,115,141
Transportation Improvements	-	-	-	-	44,169	44,169
	94,020	1,051,076	4,115,141	6,800	586,236	5,853,273
Unassigned	11,017,540	-	-	-	-	11,017,540
Total Fund Balances	11,191,560	1,051,076	4,115,141	6,800	586,236	16,950,813

In the governmental funds financial statements, the Village considers restricted amounts to have been spent when an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available. The Village first utilizes committed, then assigned and then unassigned fund balance when an expenditure is incurred for purposes for which all three unrestricted fund balances are available.

VILLAGE OF LINCOLNWOOD, ILLINOIS

**Notes to the Financial Statements
April 30, 2019**

NOTE 3 – DETAIL NOTES ON ALL FUNDS – Continued

NET POSITION/FUND BALANCE CLASSIFICATIONS – Continued

Fund Balance Classifications – Continued

Nonspendable Fund Balance. Consists of resources that cannot be spent because they are either: a) not in a spendable form; or b) legally or contractually required to be maintained intact.

Restricted Fund Balance. Consists of resources that are restricted to specific purposes, that is, when constraints placed on the use of resources are either: a) externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or b) imposed by law through constitutional provisions or enabling legislation.

Committed Fund Balance. Consists of resources constrained (issuance of an ordinance) to specific purposes by the government itself, using its highest level of decision-making authority, the Board of Trustees; to be reported as committed, amounts cannot be used for any other purpose unless the government takes the same highest-level action to remove or change the constraint.

Assigned Fund Balance. Consists of amounts that are constrained by the Board of Trustees' intent to be used for specific purposes but are neither restricted nor committed. Intent is expressed by a) the Board of Trustees itself or b) a body or official to which the Board of Trustees has delegated the authority to assign amounts to be used for specific purposes. The Village's highest level of decision-making authority is the Board of Trustees, who is authorized to assign amounts to a specific purpose.

Unassigned Fund Balance. Consists of residual net resources of a fund that has not been restricted, committed, or assigned within the General Fund and deficit fund balances of other governmental funds.

Minimum Fund Balance Policy. The Villages policy manual states that the General Fund should maintain a minimum unrestricted fund balance equal 25 to 35 percent of actual expenditures. Fund balances in excess of said levels may be used for the purchase of new or replacement capital equipment and capital expenditures.

Net Position/Fund Balance Restatement

Beginning net position was restated due to the implementation of GASB Statement No. 75 and the recognition of certain intergovernmental receivables. The following is a summary of the net position as originally reported and as restated:

<u>Net Position</u>	<u>As Reported</u>	<u>As Restated</u>	<u>(Decrease)</u>
Governmental Activities	\$ 29,490,959	27,962,167	(1,528,792)
Business-Type Activities/Water and Sewer Fund	8,879,811	8,724,595	(155,216)
General Fund	11,253,011	11,144,431	(108,580)

IEPA Loan Payable of 2008	<u>(3,196,982)</u>
Net Investment in Capital Assets	<u>7,053,772</u>

NOTE 4 – OTHER INFORMATION

CONTINGENT LIABILITIES

Litigation

The Village is a defendant in various lawsuits. Although the outcome of these lawsuits is not presently determinable, in the opinion of the Village's attorney, the resolution of these matters will not have a material, adverse effect on the financial condition of the Village.

Grants

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the Village expects such amounts, if any, to be immaterial.

VILLAGE OF LINCOLNWOOD, ILLINOIS

Notes to the Financial Statements

NOTE 4 – OTHER INFORMATION – Continued

CONTINGENT LIABILITIES – Continued

Solid Waste Agency of Northern Cook County (SWANCC)

The Village's contract with the Solid Waste Agency of Northern Cook County (SWANCC) provides that each member is liable for its proportionate share of any costs arising from defaults in payment obligations by other members.

RISK MANAGEMENT

The Village is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; natural disasters; and injuries to the Village's employees. These risks are provided for through participation in the public entity risk pool Intergovernmental Risk Management Agency (IRMA). Settled claims from these risks have not exceeded the pool's limit of coverage in any year since the Village became a member in 1989. The Village retains the risk on the first \$25,000 loss per occurrence, and also for losses above the pool's \$10,000,000 coverage limit. At fiscal year end, the Village determined there were no probable unpaid claims for which it retained risk, and, as such, did not record a claims liability.

Intergovernmental Risk Management Agency (IRMA)

The Village participates in the Intergovernmental Risk Management Agency (IRMA). IRMA is an organization of municipalities and special districts in Northeastern Illinois which have formed an association under the Illinois Intergovernmental Cooperation's Statute to pool its risk management needs. The agency administers a mix of self-insurance and commercial insurance coverages; property/casualty and workers' compensation claim administration/litigation management services; unemployment claim administration; extensive risk management/loss control consulting and training programs; and a risk information system and financial reporting service for its members.

The Village's payments to IRMA are displayed on the financial statements as expenses in the Liability Insurance Fund. The Village assumes the first \$25,000 of each occurrence and IRMA has a mix of self-insurance and commercial insurance at various amounts above that level. Each member appoints one delegate, along with an alternate delegate, to represent the member on the Board of Directors. The Village does not exercise any control over the activities of the Agency beyond its representation on the Board of Directors.

Initial contributions are determined each year based on the individual member's eligible revenue as defined in the by-laws of IRMA and experience modification factors based on past member loss experience. Members have a contractual obligation to fund any deficit of IRMA attributable to a membership year during which they were a member. Supplemental contributions may be required to fund these deficits.

VILLAGE OF LINCOLNWOOD, ILLINOIS

NOTE 4 – OTHER INFORMATION – Continued

RISK MANAGEMENT – Continued

North Suburban Employee's Benefit Cooperative

The Village participates in the North Suburban Employee's Benefit Cooperative (NSEBC), an agency of governmental entities created to finance and administer medical and dental care benefits to employees of its member organizations. Each municipality appoints one representative to serve on the Board of Directors. The Board determines the general policies, which includes approval of the annual budget. Members are contractually obligated to make all monthly payments and to fund any deficit upon dissolution of the pool. They will share in any surplus of the pool based on a decision by the Board. There were no significant changes in insurance coverages from the prior year and settlements did not exceed insurance coverage in any of the past three fiscal years. The Village reports insurance activities within the General Fund. The Village's total payments for the year ended April 30, 2019 were \$1,178,404.

COMMITMENTS

Intergovernmental Agreement

Under an Intergovernmental Agreement entered into in September of 1997, the Village agreed to provide a development benefit from the Northeast Industrial TIF District to the Lincolnwood Elementary School District #74. The benefit paid is attributable to any revenues received by the Village for any new development occurring within the Northeast Industrial TIF District. The payment, if applicable, is made each year until the TIF District closes and there is no limit to the amount paid to the School District. There was no payment due for the year ended April 30, 2019 as the School District received a surplus distribution from the TIF District. The surplus distribution was used to offset the current development benefit owed to the School District per the terms of the Intergovernmental Agreement.

Sales Tax Incentive Agreements

The Village has an agreement with an automobile dealership based upon sales tax revenue generated and paid by this dealership during the calendar year. The Village will remit 50% of sales tax revenue, not to exceed the maximum incentive amount of \$5,000,000, for no greater than fifteen years paid by this dealership. For the year ended April 30, 2019, the Village collected and will rebate \$135,444 of sales tax revenue to this dealership. Cumulative payments through April 30, 2019 are \$1,258,575.

The Village has an agreement with an automobile dealership based upon sales tax revenue generated and paid by this dealership during the calendar year. The Village will remit 50% of sales tax revenue, not to exceed the maximum incentive amount of \$1,200,000, for no greater than twenty years paid by this dealership. As of April 30, 2019, the Village collected and will rebate \$40,000 of sales tax revenue to this dealership. Cumulative payments through April 30, 2019 are \$377,555.

VILLAGE OF LINCOLNWOOD, ILLINOIS

JOINT VENTURES

Solid Waste Agency of Northern Cook County (SWANCC)

The Village is a member of the Solid Waste Agency of Northern Cook County (SWANCC) which consists of twenty-three municipalities. SWANCC is a municipal corporation and public body politic established pursuant to the Constitution Act of the State of Illinois and the Intergovernmental Cooperation Act of the State of Illinois, as amended.

SWANCC is empowered to plan, construct, finance, operate, and maintain a solid waste disposal system to serve its members. SWANCC is governed by a Board of Directors which consists of one appointed representative from each member municipality. Each Director has an equal vote. The officers of SWANCC are appointed by the Board of Directors.

The Board of Directors determines the general policy of SWANCC, makes all appropriations, approves contracts, adopts resolutions providing for the issuance of bonds or notes by SWANCC, adopts by-laws, rules and regulations, and exercises such powers and performs such duties as may be prescribed in the SWANCC agreement or the by-laws. Separate audited financial statements are available at 77 W. Hintz Road, Suite 200 Wheeling, IL 60090.

SWANCC's bonds are revenue obligations. They are limited obligations of SWANCC, with a claim for payment solely from and secured by a pledge of the revenues of the system, and amounts in various funds and accounts established by SWANCC resolutions. SWANCC has no power to levy taxes.

Revenues of the system consist of: (a) all receipts derived from Solid Waste Disposal Contracts or any other contracts for the disposal of waste; (b) all income derived from the investment of monies; and (c) all income, fees, service charges, and all grants, rents, and receipts derived by SWANCC from the ownership and operation of the system.

SWANCC covenants to establish fees and charges sufficient to provide revenues to meet all its requirements.

SWANCC has entered into Solid Waste Disposal Contracts with the member municipalities. The Contracts are irrevocable, and may not be terminated or amended, except as provided in the Contract. Each member is obligated, on a "take or pay" basis, to purchase or in any event to pay for a minimum annual cost of the system.

The obligation of the Village to make all payments as required by this Contract is unconditional and irrevocable, without regard to performance or nonperformance by SWANCC of its obligations under this Contract.

VILLAGE OF LINCOLNWOOD, ILLINOIS

Notes to the Financial Statements

April 30, 2019

NOTE 4 – OTHER INFORMATION – Continued

JOINT VENTURES – Continued

Solid Waste Agency of Northern Cook County (SWANCC) – Continued

The payments required to be made by the Village under this Contract are required to be made solely from revenues to be derived by the Village from the operation of the refuse collection system. The Village is not prohibited by the Contract from using any other funds to make the payments required by the Contract. The Contract shall not constitute an indebtedness of the Village within the meaning of any statutory or constitutional limitation.

In accordance with the joint venture agreement, the Village remitted \$223,755 to SWANCC for the year ended April 30, 2019, which is recorded in the Village's General Fund.

Maine Niles Association of Special Recreation (MNASR)

The District is a member of MNASR, which was organized by six area park districts and one Village in order to provide special recreation programs to physically and mentally challenged individuals and to share the expenses of such programs on a cooperative basis.

The MNASR's Board of Directors consists of one representative from each participating park district. The Board of Directors is the governing body of MNASR and is responsible for establishing all major policies and changes therein and for approving all budget, capital outlay, programming, and master plans. The audited financial statements of MNASR are available at 6834 West Dempster, Morton Grove, IL 60053.

The following is a summary of the MNASR's financial statements for the year ended December 31, 2018:

Current Assets	\$ 742,141	Current Liabilities	122,740
Noncurrent Assets		Long-Term Liabilities	<u>629,227</u>
Capital Assets	<u>98,856</u>	Total Liabilities	<u>751,967</u>

EMPLOYEE RETIREMENT SYSTEM – DEFINED BENEFIT PENSION PLANS

The Village contributes to three defined benefit pension plans, the Illinois Municipal Retirement Fund (IMRF), and the Sheriff’s Law Enforcement Program (SLEP), which are both defined benefit agent multiple-employer public employee retirement systems administered by the IMRF; and the Police Pension Plan, which is a single-employer, pension plan. A copy of the Police Pension Plan report may be obtained by writing to the Village at 6900 North Lincoln Avenue, Lincolnwood, Illinois 60712. IMRF and SLEP issue a publicly available financial report that includes financial statements and required supplementary information for the plan as a whole, but not by individual employer. That report may be obtained online at www.imrf.org. The benefits, benefit levels, employee contributions and employer contributions are governed by Illinois Compiled Statutes (ILCS) and can only be amended by the Illinois General Assembly.

The aggregate amount of pension expense recognized for the two pension plans is:

IMRF	\$ 282,522
Police Pension	<u>3,134,056</u>
	<u><u>3,416,578</u></u>

VILLAGE OF LINCOLNWOOD, ILLINOIS

Notes to the Financial Statements

NOTE 4 – OTHER INFORMATION – Continued

EMPLOYEE RETIREMENT SYSTEM – DEFINED BENEFIT PENSION PLANS – Continued

Illinois Municipal Retirement Fund (IMRF)

Plan Descriptions

Plan Administration. All employees (other than those covered by the Police Pension Plan) hired in positions that meet or exceed the prescribed annual hourly standard must be enrolled in IMRF as participating members. The plan is accounted for on the economic resources measurement focus and the accrual basis of accounting. Employer and employee contributions are recognized when earned in the year that the contributions are required, benefits and refunds are recognized as an expense and liability when due and payable.

Benefits Provided. IMRF has three benefit plans. The vast majority of IMRF members participate in the Regular Plan (RP). The Sheriff's Law Enforcement Personnel (SLEP) plan is for sheriffs, deputy sheriffs, and selected police chiefs. Counties could adopt the Elected County Official (ECO) plan for officials elected prior to August 8, 2011 (the ECO plan was closed to new participants after that date).

IMRF provides two tiers of pension benefits. Employees hired *before* January 1, 2011, are eligible for Tier 1 benefits. Tier 1 employees are vested for pension benefits when they have at least eight years of qualifying service credit. Tier 1 employees who retire at age 55 (at reduced benefits) or after age 60 (at full benefits) with eight years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any consecutive 48 months within the last 10 years of service, divided by 48. Under Tier 1, the pension is increased by 3% of the original amount on January 1 every year after retirement.

Employees hired *on or after* January 1, 2011, are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after ten years of service. Participating employees who retire at age 62 (at reduced benefits) or after age 67 (at full benefits) with ten years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any 96 consecutive months within the last 10 years of service, divided by 96. Under Tier 2, the pension is increased on January 1 every year after retirement, upon reaching age 67, by the *lesser* of:

- 3% of the original pension amount, or
- 1/2 of the increase in the Consumer Price Index of the original pension amount.

NOTE 4 – OTHER INFORMATION – Continued

EMPLOYEE RETIREMENT SYSTEM – DEFINED BENEFIT PENSION PLANS – Continued

Illinois Municipal Retirement Fund (IMRF) – Continued

Plan Descriptions – Continued

Plan Membership. As of December 31, 2018, the measurement date, the following employees were covered by the benefit terms:

Inactive Plan Members Currently Receiving Benefits	63
Inactive Plan Members Entitled to but not yet Receiving Benefits	75
Active Plan Members	<u>59</u>
Total	<u><u>197</u></u>

Contributions. As set by statute, the Village’s Regular Plan Members are required to contribute 4.50% of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. The Village’s annual contribution rate for fiscal year 2019 was 9.40% of covered payroll.

Net Pension Liability. The Village’s net pension liability was measured as of December 31, 2018. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date.

Actuarial Assumptions. The total pension liability was determined by an actuarial valuation performed, as of December 31, 2018, using the following actuarial methods and assumptions:

Actuarial Cost Method	Entry Age Normal
Asset Valuation Method	Market
Actuarial Assumptions	
Interest Rate	7.25%
Salary Increases	3.39% - 14.25%
Cost of Living Adjustments	2.50%
Inflation	2.50%

NOTE 4 – OTHER INFORMATION – Continued

EMPLOYEE RETIREMENT SYSTEM – DEFINED BENEFIT PENSION PLANS – Continued

Illinois Municipal Retirement Fund (IMRF) – Continued

Plan Descriptions – Continued

Actuarial Assumptions – Continued. For non-disabled retirees, an IMRF specific mortality table was used with fully generational projection scale MP-2017 (base year 2015). The IMRF specific rates were developed from the RP-2014 Blue Collar Health Annuitant Mortality Table with adjustments to match current IMRF experience. For disabled retirees, an IMRF specific mortality table was used with fully generational projection scale MP-2017 (base year 2015). The IMRF specific rates were developed from the RP-2014 Disabled Retirees Mortality Table applying the same adjustment that were applied for non-disabled lives. For active members, an IMRF specific mortality table was used with fully generational projection scale MP-2017 (base year 2015). The IMRF specific rates were developed from the RP-2014 Employee Mortality Table with adjustments to match current IMRF experience.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense, and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return to the target asset allocation percentage and adding expected inflation. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

Asset Class	Target	Long-Term Expected Real Rate of Return
Fixed Income	28.00%	3.75%
Domestic Equities	37.00%	7.15%
International Equities	18.00%	7.25%
Real Estate	9.00%	6.25%
Blended	7.00%	3.20% - 8.50%
Cash and Cash Equivalents	1.00%	2.50%

Discount Rate

The discount rate used to measure the total pension liability was 7.25%, and 7.50% in the prior valuation. The projection of cash flows used to determine the discount rate assumed that member contributions will be made at the current contribution rate and that Village contributions will be made at rates equal to the difference between the actuarially determined contribution rates and the member rate. Based on those assumptions, the Fund's fiduciary net position was projected to be available to make all project future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all period of projected benefit payments to determine the total pension liability.

Pension Expense, Deferred Outflows of Resources, and Deferred Inflows of Resources Related to Pensions

For the year ended April 30, 2019, the Village recognized pension expense of \$299,299. At April 30, 2019, the Village reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources	Totals
Difference Between Expected and Actual Experience	\$ 11,920	(290,842)	(278,922)
Change in Assumptions	504,997	(357,914)	147,083
Net Difference Between Projected and Actual			
Earnings on Pension Plan Investments	1,492,132	-	1,492,132
Total Pension Expense to be			
Recognized in Future Periods	2,009,049	(648,756)	1,360,293
Pension Contributions Made Subsequent			
to the Measurement Date	94,241	-	94,241
Total Deferred Amounts Related to IMRF	<u>2,103,290</u>	<u>(648,756)</u>	<u>1,454,534</u>

\$94,241 reported as deferred outflows of resources related to pensions resulting from employer contributions subsequent to the measurement date and will be recognized as a reduction of the net pension liability in the reporting year ended April 30, 2020. Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense in future periods as follows:

Fiscal Year	Net Deferred Outflows of Resources
2020	\$ 356,806
2021	143,270
2022	236,433
2023	623,784
2024	-

EMPLOYEE RETIREMENT SYSTEM – DEFINED BENEFIT PENSION PLANS – Continued

Police Pension Plan

Plan Descriptions

Plan Administration. The Police Pension Plan is a single-employer defined benefit pension plan that covers all sworn police personnel. The defined benefits and employee and minimum employer contribution levels are governed by Illinois Compiled Statutes (40 ILCS 5/3-1) and may be amended only by the Illinois legislature. The Village accounts for the Fund as a pension trust fund. The Fund is governed by a five-member pension board. Two members of the Board are appointed by the Village President, one member is elected by pension beneficiaries and two members are elected by active police employees.

Plan Membership. At April 30, 2019, the measurement date, membership consisted of the following:

Inactive Plan Members Currently Receiving Benefits	41
Inactive Plan Members Entitled to but not yet Receiving Benefits	-
Active Plan Members	<u>30</u>
Total	<u><u>71</u></u>

Benefits Provided. The following is a summary of the Police Pension Plan as provided for in Illinois State Statutes.

The Police Pension Plan provides retirement benefits through two tiers of benefits as well as death and disability benefits. Covered employees hired before January 1, 2011 (Tier 1), attaining the age of 50 or older with 20 or more years of creditable service are entitled to receive an annual retirement benefit of ½ of the salary attached to the rank held on the last day of service, or for one year prior to the last day, whichever is greater. The annual benefit shall be increased by 2.5 percent of such salary for each additional year of service over 20 years up to 30 years, to a maximum of 75 percent of such salary. Employees with at least eight years but less than 20 years of credited service may retire at or after age 60 and receive a reduced benefit. The monthly benefit of a police officer who retired with 20 or more years of service after January 1, 1977 shall be increased annually, following the first anniversary date of retirement and be paid upon reaching the age of at least 55 years, by 3 percent of the original pension and 3 percent compounded annually thereafter.

NOTE 4 – OTHER INFORMATION – Continued

EMPLOYEE RETIREMENT SYSTEM – DEFINED BENEFIT PENSION PLANS – Continued

Police Pension Plan – Continued

Plan Descriptions – Continued

Benefits Provided – Continued. Covered employees hired on or after January 1, 2011 (Tier 2), attaining the age of 55 or older with 10 or more years of creditable service are entitled to receive an annual retirement benefit equal to the average monthly salary obtained by dividing the total salary of the police officer during the 96 consecutive months of service within the last 120 months of service in which the total salary was the highest by the number of months of service in that period. Police officer salary for the pension purposes is capped at \$106,800, plus the lesser of ½ of the annual change in the Consumer Price Index or 3 percent compounded. The annual benefit shall be increased by 2.5 percent of such a salary for each additional year of service over 20 years up to 30 years to a maximum of 75 percent of such salary. Employees with at least 10 years may retire at or after age 50 and receive a reduced benefit (i.e., ½ percent for each month under 55). The monthly benefit of a Tier 2 police officer shall be increased annually at age 60 on the January 1st after the police officer retires, or the first anniversary of the pension starting date, whichever is later. Noncompounding increases occur annually, each January thereafter. The increase is the lesser of 3 percent or ½ of the change in the Consumer Price Index for the preceding calendar year.

Contributions. Covered employees are required to contribute 9.91% of their base salary to the Police Pension Plan. If an employee leaves covered employment with less than 20 years of service, accumulated employee contributions may be refunded without accumulated interest. The Village is required to contribute the remaining amounts necessary to finance the plan and the administrative costs as actuarially determined by an enrolled actuary. However, effective January 1, 2011, ILCS requires the Village to contribute a minimum amount annually calculated using the projected unit credit actuarial cost method that will result in the funding of 90% of the past service cost by the year 2040. For the year-ended April 30, 2019, the Village's contribution was 71.44% of covered payroll.

Concentrations. At year end, the Pension Plan does not have any investments (other than investments issued or explicitly guaranteed by the U.S. government and investments in mutual funds, external investment pools, and other pooled investments) in any one organization that represent 5 percent or more of net position available for benefits.

EMPLOYEE RETIREMENT SYSTEM – DEFINED BENEFIT PENSION PLANS – Continued

Police Pension Plan – Continued

Actuarial Assumptions

The total pension liability was determined by an actuarial valuation performed, as of April 30, 2019, using the following actuarial methods and assumptions:

Actuarial Cost Method	Entry Age Normal
Asset Valuation Method	Market
Actuarial Assumptions	
Interest Rate	7.00%
Salary Increases	4.00% - 10.82%
Cost of Living Adjustments	2.50%
Inflation	2.50%

Mortality rates are based the table combines observed experience of Illinois Firefighters with the RP-2014 mortality table for blue collar workers projected to 2017 using Improvement Scale MP-2016.

Discount Rate

The discount rate used to measure the total pension liability was 7.00%, the same as the prior valuation. The projection of cash flows used to determine the discount rate assumed that member contributions will be made at the current contribution rate and that Village contributions will be made at rates equal to the difference between the actuarially determined contribution rates and the member rate. Based on those assumptions, the Fund’s fiduciary net position was projected to be available to make all project future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all period of projected benefit payments to determine the total pension liability.

OTHER POST-EMPLOYMENT BENEFITS

General Information about the OPEB Plan

Plan Description. The Village's defined benefit OPEB plan, Retiree Benefits Plan (RBP), provides OPEB for all permanent full-time general and public safety employees of the Village. RBP is a single-employer defined benefit OPEB plan administered by the Village. Article 11 of the State Compiled Statutes grants the authority to establish and amend the benefit terms and financing requirements to the Village Board. No assets are accumulated in a trust that meets the criteria in paragraph 4 of Statement 75.

Benefits Provided. Non-union employees hired prior to December 31, 2014 who have been employed by the Village for a minimum of 30 years are provided with a Village health insurance subsidy equal to 1/2 of the premium payment for the first year following retirement, 1/3 of the premium payment for the second year following retirement, and 1/4 of the premium payment for the third year following retirement. The subsidy ceases at the earlier of the end of the third year of coverage or attainment of Medicare eligibility age. The subsidy applies to the plan and tier coverage held by the employee at the time of retirement. All other employees may continue coverage into retirement on the Village plan on a pay-all basis. Coverage is also available for eligible dependents on a pay-all basis.

Plan Membership. As of April 30, 2019, the measurement date, the following employees were covered by the benefit terms:

Inactive Plan Members Currently Receiving Benefits	9
Inactive Plan Members Entitled to but not yet Receiving Benefits	-
Active Plan Members	<u>72</u>
Total	<u><u>81</u></u>

Total OPEB Liability

The Village's total OPEB liability was measured as of April 30, 2019, and was determined by an actuarial valuation as of that date.

VILLAGE OF LINCOLNWOOD, ILLINOIS

Notes to the Financial Statements April 30, 2019

NOTE 4 – OTHER INFORMATION – Continued

OTHER POST-EMPLOYMENT BENEFITS – Continued

Actuarial Assumptions and Other Inputs. The total OPEB liability in the April 30, 2019 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Inflation	3.00%
Salary Increases	4.00%
Discount Rate	3.21%
Healthcare Cost Trend Rates	6.60% in FY2020 decreasing to an ultimate rate of 4.50% for the HMO plan and 7.10% in FY 2020 decreasing to an ultimate rate of 4.50% for the PPO plan
Retirees' Share of Benefit-Related Costs	See notes in Benefits Provided section

The discount rate was based on the S&P Municipal Bond 20 Year High-Grade Rate Index as of April 30, 2019.

Mortality rates were based on the RP-2014 Combined Mortality Table for males and females and reflects recent rates developed by the Society of Actuaries.

OTHER SUPPLEMENTARY INFORMATION

Other supplementary information includes financial statements and schedules not required by the GASB, nor a part of the basic financial statements, but are presented for purposes of additional analysis.

Such statements and schedules include:

- Budgetary Comparison Schedules – Major Governmental Funds
 - General Fund
 - Debt Service Fund
- Combining Statements – Nonmajor Governmental Funds
 - Combining Balance Sheet
 - Combining Statement of Revenues, Expenditures, and Changes in Fund Balances
- Budgetary Comparison Schedules – Nonmajor Governmental Funds
 - Transportation Improvement – Special Revenue Fund
 - Lincoln/Touhy Tax Increment Financing – Special Revenue Fund
 - Devon/Lincoln Tax Increment Financing – Special Revenue Fund
 - Comm Ed ROW Bike Path – Capital Projects Fund
 - PEP – Capital Projects Fund
 - Private Water Line Assistance – Capital Projects Fund
- Budgetary Comparison Schedule – Enterprise Fund
 - Water and Sewer Fund
- Budgetary Comparison Schedule – Fiduciary Fund
 - Police Pension – Pension Trust Fund
- Consolidated Year-End Financial Report

COMBINING AND INDIVIDUAL FUND FINANCIAL STATEMENTS AND SCHEDULES

GENERAL FUND

The General Fund is used to account for all financial resources except those required to be accounted for in another fund.

SPECIAL REVENUE FUNDS

The Special Revenue Funds are created to account for the proceeds of specific revenue sources (other than fiduciary funds or capital project funds) that are legally restricted to expenditure for specified purposes.

Northeast Industrial District Tax Increment Financing Fund

The Northeast Industrial District Tax Increment Financing Fund is used to account for resources (restricted real estate taxes) received and expenditures made to promote the objectives of the TIF District.

Motor Fuel Tax Fund

The Motor Fuel Tax Fund is used to account for resources to maintain traffic signal lighting in the Village and for services performed by the Village for upkeep of IDOT street within the Village limits.

Transportation Improvement Fund

The Transportation Improvement Fund is used to account for resources to improve the transportation systems in the Village.

Lincoln/Touhy Tax Increment Financing Fund

The Lincoln/Touhy Tax Increment Financing Fund is used to account for resources generated from the properties within the Lincoln/Touhy Tax Increment Financing District.

Devon/Lincoln Tax Increment Financing Fund

The Devon/Lincoln Tax Increment Financing Fund is used to account for resources generated from the properties within the Devon/Lincoln Tax Increment Financing District. The Devon/Lincoln Tax Increment Financing District was established on June 24, 2014.

DEBT SERVICE FUND

The Debt Service Funds are created to account for the accumulation of resources for, and the payment of, general long-term debt principal and interest.

COMBINING AND INDIVIDUAL FUND FINANCIAL STATEMENTS AND SCHEDULES

CAPITAL PROJECTS FUNDS

The Capital Projects Funds are created to account for all resources used for the acquisition of capital facilities by a governmental unit except those financed by Proprietary Funds.

Comm Ed ROW Bike Path Fund

The Comm Ed ROW Bike Path Fund is used to account for a grant and other sources to construct a bike path in the utility right-of-way.

PEP Fund

The PEP Fund is used to account for resources to provide business owners to make improvements to their buildings exterior and other property enhancements that will improve the appearance of a business district.

Private Water Line Assistance Fund

The Private Water Line Assistance Fund is used to assist Village residents in replacing their private sewer lines due to damage caused by Village trees located in homeowners' parkways.

ENTERPRISE FUND

The Enterprise Funds are created to account for operations that are financed and operated in a manner similar to private business enterprises where the intent is that costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or where it has been decided that periodic determination of revenues earned, expenses incurred and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purpose. The Village's enterprise fund is a non-major fund.

Water and Sewer Fund

The Water and Sewer Fund is used to account for resources to maintain the Village's water distribution system and combined storm/sanitary sewer system.

TRUST FUND

PENSION TRUST FUND

Police Pension Fund

The Police Pension Fund is used to account for the accumulation of resources to be used for retirement annuity payments to employees on the police force at appropriate amounts and times in the future. Resources are contributed by employees at rates fixed by law and by the Village at amounts determined by an annual actuarial study.

STATISTICAL SECTION

(Unaudited)

This part of the comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the Village's overall financial health.

Financial Trends

These schedules contain trend information to help the reader understand how the Village's financial performance and well-being have changed over time.

Revenue Capacity

These schedules contain information to help the reader assess the Village's most significant local revenue sources.

Debt Capacity

These schedules present information to help the reader assess the affordability of the Village's current levels of outstanding debt and the Village's ability to issue additional debt in the future.

Demographic and Economic Information

These schedules offer demographic and economic indicators to help the reader understand the environment within which the Village's financial activities take place.

Operating Information

These schedules contain service and infrastructure data to help the reader understand how the information in the Village's financial report relates to the services the Village provides and the activities it performs.

VILLAGE OF LINCOLNWOOD, ILLINOIS

Legal Debt Margin

April 30, 2019 (Unaudited)

Article VII, Section 6(k) of the Illinois Constitution governs computation of the legal debt margin.

"The General Assembly may limit by law the amount and may require referendum approval of debt to be incurred by home rule municipalities, payable from ad valorem property tax receipts, only in excess of the following percentages of the assessed value of its taxable property ... (2) if its population is more than 25,000 and less than 500,000 an aggregate of one per cent: ... indebtedness which is outstanding on the effective date (July 1, 1971) of this constitution or which is thereafter approved by referendum ... shall not be included in the foregoing percentage amounts."
