

## VILLAGE OF LINCOLNWOOD ANIMAL CONTROL REBATE PROGRAM

The Village of Lincolnwood does not assist with the removal or trapping of any animals on private property or live animals. However, the village does offer a 50/50 reimbursement program for Animal Control/Trapping.

### **Animal Trapping**

As the allocated budget allows, the Village is willing to reimburse residents on a first come, first serve basis for a 50/50 split program, up to \$200 for the removal of nuisance raccoons, skunks, and opossums outdoors on private property.

This will only include:

- Raccoons
- Skunks
- Possums

The resident is responsible for paying the company at time of service then submit a proposal, paid receipt, receipt of capture, to the Village. The Village will reimburse the residents on a first come first serve basis, 50%, up to \$200.

However, if any animal besides a raccoon, skunk or possum is caught the village will NOT reimburse the resident. Also, if any trapping is done on the weekend, the resident is responsible for any weekend fees.
